About VNS Health and The Benefits of Partnership

One Team One Mission

The future of care.
The comfort of home.

A Legacy of Looking Ahead

As one of the nation's largest nonprofit home and community-based health care organizations, we've been innovating in health care since our founder Lillian Wald coined the term "public health nurse," over 130 years ago.

VNS Health continues to break ground with industry-leading products and services that help our partners adeptly meet the growing challenges facing the health care industry.

VNS Health brings together our complete range of health care expertise to support your growth and to help our patients and plan members live, age and heal in the comfort of their homes and communities. We make it easy for our patients and members to access the best-in-class health care products and services.

Combining generations of clinical guidance with today's most advanced health care strategies and innovative management tools, VNS Health is more than just a partner.

Together, we're a team.

Who is VNS Health?

The future of care. The comfort of home.

Our Mission

To improve the health and well-being of people through high-quality, cost-effective healthcare in the home and community.

As Your Neighbor

We provide a full range of easy-to-access home care services, solutions, and health plans that are simple to understand and put our patients and members in control of their health care.

As Your Partner

We strive to create valuable relationships with other organizations and providers that are meaningful to those we serve, to help maximize the impact of our programs in our communities.

Serving New Yorkers

We touch over 50,000 New Yorkers every day. In 2023, we made over 760,000 home visits, while providing care to over 100,000 patients.*

Billing and Claims Processing

Adhere to timely filing requirements: Submit claims within the specified timeframe to avoid denials based on lateness.

Below are general claims dispute timelines for reference. However, providers must abide by the time frame stipulated in their contract for claims to be processed and disputes to be considered.

Claims: 90 days to submit clean claims from the date of service (**or the time frame stipulated in your contract**) and 60 days to dispute a claim from VNS Health issued Remittance.

Please be sure your claim has these [required data elements](#) before submitting your form. This information is needed for claims to be processed correctly:

The [CMS-1500 claim form](#) (sample) and [UB-04 claim form](#) (sample) can be used to bill fee-for-service encounters. The UB-04 claim form should be used by facilities and by facilities billing on behalf of employed providers. You can find instructions for submitting your claim by clicking on “How to submit claims” above.

Provider claims dispute form: This form is for the sole purpose of submitting a Claim Payment Inquiry related to the adjustment of a claim. This is not to replace the Appeal process. <https://www.vnshealthplans.org/provider-claims-dispute-form/>

Filing an appeal: All claim appeals must be filed in writing and must be filed within 60 calendar days of our initial decision about the request or as otherwise specified in the provider contract.

Grievances and Appeals

Grievances and Appeals Decisions

When a VNS Health Medicare plan makes a decision related to payment coverage requests or an item provision, service, or drug, the terminology may differ depending on what is being requested, but they all mean an initial request:

- **Organization determination** – Part C benefits
- **Coverage determination** – Part D benefits
- **Initial determination** – can be used for both Part C and D benefits

These decisions, when not fully favorable, are subject to appeal, and our initial decision notices will provide you with your appeal rights. For our Medicare plans, Part C service appeals are broken down further for Part B drugs which are typically those drugs that are administered in the office by a physician.

Appeal Types, Timeframes, and Rules

Appeal type	Decision timeframe	Rules/requirements
Expedited Part B drug appeal	72 hours	May be submitted verbally or in writing. The appeal will be expedited when: <ul style="list-style-type: none"> • A physician indicates or VNS Health determines that waiting for the appeal decision within the standard timeframe may risk or jeopardize the member's health. • A member may also request to expedite an appeal; however, the plan may deny and process it within the standard track is the plan determines that the member's health will not be at risk.
Expedited Part C service/benefit appeal	72 hours, with a possible 14-day extension	
Standard Part B drug	Seven days	May be submitted verbally or in writing.
Standard Part C service/benefit appeal	30 calendar days, with a possible 14-day extension	
Claim appeal	60 calendar days	<ul style="list-style-type: none"> • Must be submitted in writing • Cannot be expedited • Cannot be extended

Request Requirements

The What and Where:

When submitting an appeal, at minimum, the following should be included in the request:

- Your name/who is filing the appeal, preferably on your office's letterhead which includes treating/requesting physician's
 - Name
 - Address
 - Phone Number
- Member's name and other type of member identifier such as
 - VNS Health member ID number
 - Date of birth
- Service or claim that is being appealed, and the reason why
- Supporting documentation such as clinical documentation/medical records, proof of timely filing (for claim appeals), or any other documents you feel may help support the appeal

Compliance Program

Fraud, Waste and Abuse (All Plans)

VNS Health policy: comply with all federal and state laws regarding fraud, waste, and abuse. We will implement and enforce procedures to detect and prevent fraud, waste, and abuse regarding claims submitted to federal and state healthcare programs, and to provide protection for those who report in good faith actual or suspected wrongdoing.

The compliance policy: we maintain a strict policy of zero tolerance toward fraud and abuse and other inappropriate activities. Individuals who engage in any inappropriate activity alone or in collaboration with another employee, member, or provider are subject to immediate disciplinary action, up to and including termination.

Definitions:

Fraud—An **intentional deception or misrepresentation** made by a person with the knowledge that could result in some unauthorized benefit to themselves or other person(s). Includes any act that constitutes fraud under applicable federal or state law.

Waste—The **extravagant, careless, or needless expenditure of funds** resulting from deficient practices, systems, controls, or decisions.

Abuse—Provider practices that are **inconsistent with sound fiscal, business, or medical practices** and result in an unnecessary cost or reimbursement for services that are not medically necessary or fail to meet professionally recognized standards of care. Also includes enrollee practices that result in unnecessary cost.

Fraud, Waste and Abuse (All Plans)

Relevant Statutes and Regulations

Stark Law: with several separate provisions, governs physician self-referral for Medicare and Medicaid patients. Physician self-referral is the practice of a physician referring a patient to a medical facility in which he has a financial interest, be it ownership, investment, or a structured compensation agreement.

False Claims Act (FCA): Using the FCA, private citizens (i.e., whistleblowers) can help reduce fraud against the government.

Reporting of fraudulent, wasteful, and abusive activities

We expect members, vendors, providers, interns, volunteers, consultants, board members, and First Tier, Downstream and Related Entities (FDRs) as well as others associated with our business to bring any alleged inappropriate activity which involves VNS Health to our attention. Providers may confidentially report a potential violation of our compliance policies or any applicable regulation by contacting:

VNS Health Compliance Officer

Email – SIUmailbox@vnshealth.org

Report fraud, waste, and abuse anonymously to Ethics Point, Inc., a contracted vendor, by using the VNS Health Hotline at 1-888-634-1558 or [online](#). This service is available 24/7.

Quality Improvement Program

Quality Improvement Program

Mission: serve as a best-in-class health plan and continually improve the quality of healthcare for our members.

How: providing access to affordable, appropriate, and timely healthcare and services, which are routinely assessed for compliance with established standards. Participating providers must comply with all VNS Health Quality Management policies, procedures, and programs.

Goal: develop an integrated and comprehensive approach to continuously improving care and service to meet or exceed our members' expectations.

Program framework: based upon the philosophy of continuous quality improvement and includes:

- Development of quality improvement initiatives
- Quality measurement and evaluation
- Corrective action implementation and evaluation
- Communication with and education of our members and providers
- Annual evaluation of the program's effectiveness

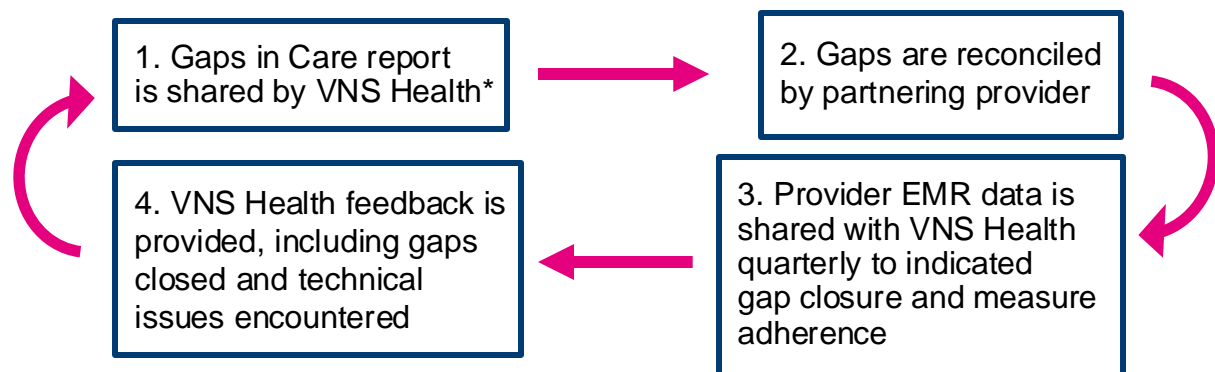

Improving Health Outcomes and Quality Performance

VNS Health collaborates with providers to share data bi-directionally to address care gaps.

Request: to make the provider experience as efficient and rewarding as possible, we invite providers to participate in our automated data collection program supporting **Healthcare Effectiveness Data and Information Set (HEDIS[®])** and **Quality Assurance Reporting Requirements (QARR)** supplemental data. Reduce your office staff's administrative burden of collecting medical records if you use a secure Electronic Medical Record (EMR).

Process: we ask for an IT contact to assist in setting up a Secure File Transfer Protocol (SFTP). This standard network protocol is used for the secure file access, transfer, and management of any data stream. We will also request assistance on your end to establish and send a quarterly report. For the first initial files submitted, and subsequently once per annum, we will request a medical chart sample to conduct primary source verification. The data through this program include:

- **Gaps in Care reports:** Shared monthly via the VNS Health provider portal, displaying member level adherence across each quality measure (Total, EasyCare Plus, EasyCare, and SelectHealth)
- **Supplemental data files:** Providers leverage the standardize format to submit clinical supplemental data to close gaps in care to the plan reducing medical record requests

*Generally monthly, the frequency of the Gaps in Care report will differ by provider.

Quality Chart Collection Project Timelines

Medical record data may be requested to support several quality initiatives at different times during the year.

Project	Timeframe	Description
Supplemental data collection	Year-round	Clinical data requests to close gaps in care
HEDIS medical record review project	February—May 5th	Medical records requested by hybrid measures
IPRO chart review	Ad hoc	Medical records requested to support DOH char reviews and case studies
Clinical practice guidelines audit	Annual	Medical records requested to assess adherence with VNS Health guidelines
